## Web Designer

Multifaceted creative professional with foundational experience in web design and basic .NET development, complemented by skills in 3D art and desktop application development. Proficient in Unity 3D and Blender for immersive 3D modeling and animation, with a solid understanding of graphic design tools including Figma and Dora. Experienced in building responsive websites using Elementor and WordPress, delivering visually appealing and user-friendly digital experiences. Eager to leverage a diverse skill set to contribute to innovative projects and enhance user engagement through creative and technical solutions.

## WORK EXPERIENCE

### Freelance Team Manager – Alpha Team

Islamabad •  
04/2024 – 01/2025

Managed a team of freelance professionals for one year, coordinating projects, assigning tasks, and ensuring timely delivery. Successfully led the team to collaborate on various assignments, maintaining clear communication and workflow. The team was later disbanded due to a shortage of available freelancers and resources.

### Team Manager

As the founder and manager of Alpha Team, I successfully established and led a freelance collective, overseeing all aspects of team operations for one year. My responsibilities included recruiting skilled freelancers, managing project workflows, assigning tasks based on expertise, and ensuring high-quality deliverables within deadlines. Despite challenges in sustaining the team due to limited freelancer availability and resources.
